The Royal Golf Club - Corporate Memberships

These memberships are designed for small businesses that recognize the value a golf membership has in today's business world. These memberships are ideal for those wishing to entertain clients or those who desire to have a place where co-workers that share a passion for golf may enjoy getting together away from the office.

Additional Signers will have all the same access and rights that the primary applicant will share. At least one account signer must play in order to use the pre-paid corporate rounds (ie. not eligible for unaccompanied guests).

Rounds may only be used in this calendar year, they do not carry over to the next year.
